### Did you know?

In 1850 Brenchley travelled on a canoe with two Chinook tribesmen down the Columbia River.

## As a world traveller you will have to go to far and distant places. Travel through the museum to find the Brenchley Gallery (you might need to use a map).

When you arrive you will see lots of cabinets displaying objects collected by Julius Brenchley. Each cabinet is named after the place the objects are from.

Mark these places on the world map. Don't forget to name them too!

### Did you know?

Brenchley travelled approximately 2,050 miles across North America from Missouri to Washington State by boat and by mule!

## In this gallery you will see the Cabinet of Curiosity!

Can you find Brenchley's handwritten journal in the Cabinet of Curiosity?

## HELP! Some of the pages are missing!

Complete this page about your journey and describe what you have found in the Native North American cabinet.
